

I Visualize You

-Milestone 1 Progress Update-

Team Name: Passion Developers

Product Manager:	Seonghoon Park	seonghoon.park@stonybrook.edu
Lead Programmer:	Hyunsoo Kim	hyunsoo.kim@stonybrook.edu
Product Owner:	Junghun Park	junghun.park@stonybrook.edu
Designer:	Hamin Lim	hamin.lim@stonybrook.edu

Original Schedule

Tue, Oct 27, 2020 milestone 1

- Database modeling(Prerequisite: None)
 - HK, SP, JP and HL
- Rendering basic user information to Templates(Prerequisite: Database modeling)
 - HK
- Admin panel setup(Prerequisite: Database modeling)
 - JP
- User Registration and Login Authentication(Prerequisite: Database modeling)
 - HL SP

Current Achievements

Tue, Oct 27, 2020 milestone 1

- Created structural foundation for database models; further details may be updated
- Rendered basic user information in templates
 - Can be checked on myInfo page
- Set up Admin panel
- User registration and login authentication completed

The progress is on track; as a matter of fact, some of the functionalities to be implemented for the next milestones are under development. The project is slightly ahead of schedule, but we are experiencing difficulties in optimizing the CSS for different environments. Further adjustments in this component is expected.

Updated Schedule

Tue, Oct 27, 2020 milestone 1

- ~~Database modeling(Prerequisite: None)~~
 - ~~HK, SP, JP and HL~~
- ~~Rendering basic user information to Templates(Prerequisite: Database modeling)~~
